cheran vidhayalaya Matric Hr Sec school
Completed the HSC with the score of 73%

2022 - 2026

Jeppiaar institute of technology

Proceeding the B.Tech Information Technology degree with the scores of CCPA 7.56

PROJECT

Raven Portal

Raven Portal is a Flutter-based student app for colleges, offering features like attendance tracking, exam results, notices, and leave applications. It has a clean UI, secure access, and helps students manage academic activities easily from their phones.

Personal portfolio

Personal Portfolio Website is a responsive site built with HTML, CSS, and JavaScript to showcase my resume, skills, and projects. It features a clean design and a contact form, developed entirely through self-learning.

Stacksphere

A web application designed to streamline and manage college web development projects, featuring user authentication, project tracking, and collaborative tools for students and faculty.

SKILLS

- Html,Css and Js
- Github
